

WHAT IT IS:

The purpose of the Kangoo Reward Club is to provide several benefits to those people who already own a pair of Kangoo Jumps and to provide them with personal support whenever needed.

Most individuals who buy a pair of Kangoo Jumps are amazed by the great feeling KJ's provide and realize how good they are for correcting many Health & Fitness related problems. They usually want to share their discovery with friends.

Isn't helping people to enjoy a better life the greatest goal of our life?

As this is our company's main goal, we want to reward those helping us to fulfill our Mission.

You can only get the benefits of the Reward Club if you have already purchased one pair of Kangoo Jumps. Our system will recognize if you have already bought a pair through the web shop. If you purchased your Kangoo Jumps from somewhere else, please e-mail the receipt of your purchase to rewardclub@kangoojumps.com to enable us to activate your account.

You may register as a Reward Club member before having purchased a pair of Kangoo Jumps. However you will only be entitled to the benefits after the purchase of your first pair.

THE BENEFITS WE OFFER ARE:

1. an incentive of 10% commission each time one of your referred friends / acquaintances places an order.
2. a 5% discount for your referred friends
3. when you place orders for yourself, your purchases cost you 15% less (due to 1 & 2 above)
4. occasional special offers reserved only for Kangoo Reward Club members
5. personal support by e-mail service through rewardclub@kangoojumps.com
6. marketing support to make your referral job very easy

HOW DOES IT WORK?

When you register as a Reward Club member, our system provides you with a personal code, which will enable us to track orders coming from your referred friends. Your friends order will automatically show a 5% discount and your account will automatically be credited with a 10% commission. You will be able to view the details of all orders placed by your friends, their status and the statement of your account by logging into your registry page.

TIPS FOR USING THE PROGRAM EFFICIENTLY:

1. Download our coupons, mini leaflets, cards from the internet (you will find links on your registry page). Print some with your own printer, or, preferably, have a number printed by your printing shop. Don't forget to indicate your personal code on them! Hand these out:

- to your relatives, friends and acquaintances
- each time you are asked a question about KJ's or talk about them
- to people who stop you whenever you go out jogging with your Kangoo Jumps or use them in public places. Giving them a mini leaflet or coupon will save you a lot of talking. Take a bunch along (Kangoo Jog Belt is ideal for this)
- at your gym. You may want to leave a bunch on their reception desk.
- to your doctor, massage therapist etc
- to people you meet at clubs and associations etc

2. Do you have a blog or a website? Add a small section on Kangoo Jumps and put one of the banners, or just your personal coded link. By clicking on either of them your visitors will be linked to the web shop. If they place an order, even after having surfed across the website, our system recognizes your code and credits the discount and commission, automatically.

3. Do you communicate by e-mail? Create an e-mail template you can use for all your correspondence. On the lower part you may include a short message concerning Kangoo Jumps and one of the banners or your personal link to the Kangoo Jumps web shop. Also use this template for specific messages to friends who you know have health problems and would benefit from the use of Kangoo Jumps. Important: when the link or the banner is being used, your personal code will automatically appear on the order, without your referral having to enter it again.

4. Use our Christmas Greeting electronic cards for a mailing to your friends. This will remind them that Kangoo Jumps are a wonderful gift for their nearest and dearest..

5. Join focus groups on the net and write about Kangoo Jumps, adding your coded link.
